PROJECT EXPERIENCE (Academic & Personal Projects)

MERN Stack Web Applications

- Built full-stack web applications using React, Node.js, Express, and MongoDB.
- Implemented user authentication, CRUD operations, and REST APIs.
- Designed responsive UI using Tailwind CSS and Bootstrap.
- Integrated frontend with backend APIs efficiently.

Next.js Projects

- Created modern web applications using Next.js.
- Used file-based routing and reusable components.
- Focused on performance, SEO basics, and clean code structure.
